NAZIR ALI SIDDIQUI

Frontend Developer (React.js | Next.js | TypeScript)

itsnazirali1010@gmail.com   +91 7007297120   Lucknow, Uttar Pradesh   LinkedIn   Portfolio

Results-driven Frontend Developer with over 3 years of experience in creating modern, scalable web applications using React.js, Next.js, and TypeScript. Proficient in implementing SPA architectures, leveraging shadcn/UI, and ensuring responsive design with Tailwind CSS and Material UI. Committed to delivering high-performance solutions through clean code practices and robust testing frameworks like Karma and Jasmine, while enhancing user experiences with efficient state management and design systems.

SKILLS

Frontend:	React.js, Next.js (App Router), JavaScript (ES6+), TypeScript
UI Design:	shadcn/UI, Tailwind CSS, Material UI Responsive Design, Mobile First UI, Design Systems
Forms & Validation:	React Hook Form, Zod Schema Validation, Controlled / Uncontrolled Forms
State Management:	Redux, Context API, React Query
APIs & Data:	REST APIs, Axios, JWT Authentication
Tools:	Git, GitHub, Vercel, Webpack, VS Code
Other:	SSR/SSG, Performance Optimization, Component Architecture, SEO Basics, SPA, Karma, Jasmine

EXPERIENCE

Frontend Developer · CaptureATrip · Gurgaon, India
Feb 2025 – Present   Full-time

- Engineered a modern travel platform utilizing Next.js (App Router + Server Components) to enhance user experience.
- Crafted clean and scalable UIs with Shadcn UI, Tailwind CSS, and reusable component structures, improving development efficiency.
- Implemented OTP login, JWT authentication, and protected routes, ensuring secure session handling.
- Integrated Strapi/WordPress APIs for dynamic travel blogs, destinations, and package listings, enhancing content delivery.
- Developed advanced UI features including rating dialogs, image uploads with preview, nested sliders, dynamic forms, and profile workflows, boosting user engagement.
- Optimized performance through SSR, caching, lazy loading, and refined API calls, resulting in faster load times.

Frontend Developer · Techdock Labs
Jan 2023 – Feb 2025   Full-time

- Constructed responsive and interactive UIs using React.js and component-based architecture, enhancing user interaction.
- Integrated REST APIs and implemented authentication flows while managing state with hooks for improved application performance.
- Enhanced UI consistency, performance, and cross-browser compatibility, ensuring a seamless user experience.

Frontend Intern · Techdock Labs
Jul 2022 – Dec 2022   Internship

- Contributed to the development of UI components and integrated basic APIs, supporting team objectives.
- Focused on responsive layouts and core frontend tasks, gaining hands-on experience in SPA development.

EDUCATION

Integral University
2019 – 2021
Master of Computer Applications (MCA)

Integral University
2016 – 2019
Bachelor of Computer Applications (BCA)
